ABOUT Morgan TechFest "23

Morgan TechFest is a student-led tech conference that educates students about the influence of technology on their career paths, facilitating networking with tech experts, enabling job applications in the tech industry, and recognizing outstanding tech-innovative research posters through showcases and awards.

VISION

At Morgan TechFest, we envision a future where students are empowered by a deep understanding of technology's transformative role in their careers. We strive to bridge the gap between academia and industry, facilitating meaningful interactions with tech leaders, creating avenues for job opportunities, and celebrating the pinnacle of tech-driven research and innovation.
